PUERTO MISAHUALÍ, ECUADORIAN AMAZON · SINCE 2006

WELCOME

An Invitation

The Amazon is a place of inspiration, stories and mystery. Exuberant, remote and enchanting, it invites us to step outside the routine of urban life and immerse ourselves in a nature that is real and untamed, far from our computers and our everyday lives.

Our spa was designed to help you do exactly that: disconnect, to reconnect. Our curated treatments are designed to calm body and mind, helping you feel closer to the essence of this ancient forest and its creatures. Enjoy a treatment, slip into the pool, or practice yoga and meditation in our retreat area, with its beautiful view over the jungle...

«The Amazon invites us to see the world anew.

We invite you to listen to her call, and to feel good, together with her.»

Ancestral rituals

A photograph of a tropical retreat house at night. The house has a dark, gabled roof and is illuminated from within, showing a warm interior with wooden floors and furniture. It is surrounded by dense, lush tropical vegetation, including large green leaves and palm trees. In the foreground, a wooden deck leads to a swimming pool with a light blue interior. The overall atmosphere is serene and inviting.
